**LH54 SERIES**  
**MORE FLEXIBILITY, SIGNAGE AND IMPACT**  
UNPARALLELED CHOICE IN ANY SPACE

## LH54 SERIES

### UNPARALLELED CHOICE IN ANY SPACE

Choose non-stop high performance and reliability with the ideal all-in-one signage solution for mission critical environments.

The **LH54 SERIES** from iiyama can be operated in landscape or portrait orientation in continual around the clock environments 24/7 without any interruption. Its versatility can be adapted to your industry's display needs.

On-board Android 11 OS means you can easily customize the display to your needs and install applications directly to it. The on-board CMS (Content Management Software) gives you total control of your messaging and advertising remotely and safely.

The SDM Slot provides embedded PC option for total flexibility, security and control, while the FailOver feature ensures your content is always actively displayed through your choice of inputs. WiFi enabled, this series is ready for remote content delivery using your network or you can choose to utilise LAN control.

With sizes from 32", 43", 50", 55", 65", 75", 86" and 98" everyone will benefit from the non-stop high performance and reliability that the **LH54 SERIES** delivers.

## LH54 SERIES MORE FLEXIBILITY, SIGNAGE AND IMPACT

### ANDROID

Enjoy total flexibility for digital signage in any space. Thanks to Android OS you can easily customize the display to your needs by installing applications directly to it.

### MEDIA PLAYBACK

Playback video, information, or company messages; whatever you require, these large format displays are the ideal marketing solution. The LH54 SERIES packs powerful punch and can be displayed anywhere, anytime.

### SIGNAL FAILOVER

The FailOver feature ensures your content is always actively displayed through your choice of inputs.

### SMART DISPLAY MODULE (SDM)

Insert a Smart Display Module into the most stylish, ultra-slim displays and this small sized plug-in module will deliver great performance with minimum implementation and management.

### 4K UHD

Enjoy the vibrant and incredibly sharp and crisp imagery and video in 4K resolution (3840x2160) and experience the difference.

### FLEXIBLE ORIENTATION

The ability to position the displays in landscape or portrait orientation means you can make the most of any space and bring your messaging, advertisements, videos and safety information to your audience.
