WQHD LED monitor

The 2560 x 1440 resolution of this LED monitor delivers excellent detail, making it perfect for advanced HD productivity and multimedia applications. LED monitors also consume less power and last longer than those with CCFL lamps. In addition, this monitor is mercury-free, making it safer for you and the environment.

Wide viewing angle

With its wide viewing angle of 178°, this monitor displays colors perfectly. You can view it from almost any angle and not experience any gray-level inversion or color washout.

Zero Frame Design

Acer Zero Frame design saves space on your desk and lets you place multiple monitors side by side to build a seamless big-screen display.

Flicker-less technology

Acer Flicker-less monitors can eliminate annoying screen flicker, and provide comfortable viewing experience.
