

# HP 250 G4 Notebook PC

## Budget-friendly. Business ready

Get connected with the value-priced HP 250 Notebook PC. Complete business tasks with Intel technology, essential multimedia tools and Windows 8.1<sup>1</sup> loaded on the HP 250. The durable chassis helps protect the notebook from the rigors of the day.

## HP recommends Windows.

- Windows 8.1<sup>1</sup>
- Screen Size: 39,6 cm (15.6") diagonal

### Durable mobile design

- Rest assured that the HP 250 can keep up with assignments on the run. The durable chassis protects the notebook so it looks as professional as you do.

### Powered for business

- Confidently complete projects with Windows 8.1<sup>1</sup> and the power of Intel® Core™ i3 or i5, Pentium®, or Celeron® processors.<sup>3</sup>

### Extras that polish the experience

- HP, a world leader in PCs and touch technology helps equip you with a fully functional notebook ready to connect to all your peripherals<sup>2</sup> and designed to fit the needs of business.

### Featuring

- HP Touchpoint Manager with Always On Remote Management<sup>6</sup> offers customers simple tools and services from a single cloud-based solution for managing data and security.
- The optional SuperMulti DVD+/-RW drive<sup>2</sup> helps create crystal clear color, picture, and sound clarity from DVDs for work or play.
- Make the most of virtual conferencing.<sup>4</sup> Bring work to life through immersive surround sound with deep, rich bass and crystal clear dialog using DTS Studio Sound™ software.
- Back-up and quickly move data to and from your HP 250 with the fast and convenient SD card slot.
- Make better use of your workspace. HP ePrint makes wireless printing simple, no need for drivers.<sup>5</sup>

## Messaging Footnotes

<sup>1</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>.

<sup>2</sup> Sold separately or as an optional feature.

<sup>3</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

<sup>4</sup> Requires an internet connection.

<sup>5</sup> Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see [www.hp.com/go/businessmobileprinting](http://www.hp.com/go/businessmobileprinting)).

<sup>6</sup> HP Touchpoint Manager supports Android™, iOS and Windows operating systems and PCs, notebooks, tablets and smartphones from various manufacturers. Not available in all countries see [www.hp.com/touchpoint](http://www.hp.com/touchpoint) for availability information. Touchpoint Manager requires purchase of a subscription. The remote wipe of Self Encrypting Drives that have hardware encryption active is not supported.

## Technical specifications disclaimers

<sup>1</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>.

<sup>2</sup> This system is preinstalled with Windows® 7 Pro software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

<sup>3</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

<sup>4</sup> For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 8.1) of system disk is reserved for the system recovery software.

<sup>7</sup> Double-layer discs can store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with single-layer DVD drives and players. This drive cannot read or write to 2.6 GB single-sided/5.2 GB double-sided version 1.0 media. Don't copy copy-right protected materials.

<sup>11</sup> HDMI cable sold separately.

<sup>12</sup> HD content required to view HD images.

<sup>13</sup> Discrete graphics memory uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.

<sup>14</sup> Internet access required.

<sup>15</sup> McAfee includes 30 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter.

<sup>16</sup> Firmware TPM requires Windows 8.1 and Broadwell CPU (Intel Core i5-5200U, i3-5005U or Intel Pentium 3825U processors).

<sup>17</sup> EPEAT® registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net> for registration status by country.
