CONNECTION

## Connect and display

The USB-C to HDMI adapter is the perfect accessory for your workplace or at home. It enables you to simply connect an HDMI-supporting display to any device that supports video output over USB-C.

## High-resolution content

You can now watch your content in Full HD 1080p or Ultra HD 4K resolution or work more comfortably on your computer with an extra monitor. The adapter also transmits audio, using your TV or monitor's built-in speakers or connected home theatre system.

## Smart design

The durable, shielded 1.8m cable with high-quality aluminium plugs is super easy to use: simply plug it in and you're ready to watch your movies or start working. The Calyx adapter will simply transfer or extend your display image, without needing any extra software or drivers.
