

# NEC MultiSync® M861 USB-C

LCD 86" Midrange Large Format Display (with integrated USB-C Interface)

# **Datasheet**

#### Intuitive professional content delivery

Great first impressions can make all the difference; presenting your business in the best possible way will boost your brand. With slim, modern styling, 24/7 operation and high haze panel to reduce reflections when ambient light is high, the M series is the professional way to deliver your message, yet at an attractive price point.

Designed for seamless collaboration in today's meeting rooms, this display features an USB-C interface for effortless one-cable connection of your laptop, streamlining setup and maximizing productivity.

#### **Benefits**

**Plug & Play experience with integrated USB-C interface** – connect your notebook to the meeting room display and instantly your notebook content will appear on the big screen.

**Enhanced imaging performance** – advanced settings of all relevant visual parameters allow full control of brightness, colour, gamma and uniformity via the SpectraView Engine for precise, natural images.

**Secure remote management** – control your devices remotely and securely using NEC NaviSet Administrator 2; proactively manage maintenance requirements saving time and resources

**Mission-critical 24/7 ready operation** – the meticulous selection of industrial-grade components and careful design focused on demanding usage scenarios accompany an impressive and continuous

viewer experience.

**Future Ready Connectivity** – featuring multiple industry standard digital and analogue signal inputs for flexible integration into AV infrastructures.
