PRODUCT DESCRIPTION

A garden luminaire with a simple, oval shape that perfectly illuminates the entrance to the building, driveway, terrace or garden arbors. This outdoor lamp can be mounted on the walls of buildings and even on fences. Several identical luminaires mounted at a distance or next to one another will create an interesting visual effect, and the entrance to the house or office building will look beautiful. The luminaire uses SMD LEDs, which guarantee high energy efficiency and have a long service life, because they shine up to 50,000 hours. The presented garden lamp works with rated power of 15W and emits light with luminous flux of 1100 lm. It shines

with a natural white color of light at a temperature of 4000K. The degree of ingress protection IP54 guarantees sufficient protection against dust and water, which is why this garden luminaire will easily withstand even more difficult weather conditions. The lamp is available in white. Made of unbreakable polycarbonate (PC).
