PRODUCT DESCRIPTION

A garden luminaire with a simple and slender shape, which not only illuminates a given place or building well, but also gives it a modern expression. The luminaire features a high degree of protection (IP65), so it is perfect for installation on building facades, fences, terraces, gazebos or at the entrance to houses or office buildings. The modern SMD LEDs used guarantee high energy efficiency and long life of the device. Its shade is made of polycarbonate in a milky color that evenly distributes the light.
